

Dear Ward Member

Please have a look at the May 2018 newsletter detailing what your officers have been dealing with last month.

Recent Ward Activity

There have been some reports of anti-social behaviour around Salisbury Road recently. Officers have attended on several occasions, spoken with residents and shop owners, and been a visible presence to help deter this kind of activity.

On the subject of anti-social behaviour, officers have issued a Community Protection Warning to a person who regularly causes ASB related problems in Joel Street. The warning should keep the individual away from the area for the next 6 months.

Police will be using these more often in the coming months, along with their powers under the PSPO to deter groups gathering, as the weather becomes nicer.

We have new date for our Contact Points, and Coffee with a Copper activities. If you would like to come and see us then please see the upcoming dates below.

A Community Resolution has been used to deal with a shoplifter in the area. This new method can be used when both parties agree to specific terms.

Ward Engagements

Over the last month, as well as our normal Contact Points and Coffee with a Copper engagements, PC Christmas and PCSO Soler De Los Rios were invited to Juniper Court, to give a presentation on personal safety and crime prevention.

If you have an event you would like the team to attend please let us know via the email address below.

5 Tips to keep your car secure and valuables safe

For more crime prevention information please visit the Met Police website

1. Always lock it

Fuelling up or popping back into your house to get something are perfect examples of how easy it is to turn your back for a moment and forget your vehicle is unsecured. So get into the habit of locking your vehicle even if you're only going to be away from it for a moment.

2. Close windows and the sun roof to prevent 'fishing'

Leaving windows and the sunroof open invites fishing for items through the gap by hand or with, say, a bent coat hanger, which could also be used to unlock a door for them to get in. Thieves can be ingenious. Don't give them the opportunity.

3. Secure your number plates with tamper-resistant screws

The easiest way to change the identity of a stolen vehicle or avoid speeding tickets and parking tickets is to fit stolen number plates. Using security screws to attach your vehicle's number plates makes it harder for thieves to get your number.

4. Fit locking, anti-tamper wheel nuts to secure alloy wheels

Stolen wheels are valuable, either as parts or for their scrap value. Using locking wheel nuts reduces the risk of your vehicle's wheels being stolen. Besides, your vehicle will always look better on wheels than on a pile of bricks.

5. Secure anything that's on the outside of your vehicle

Anything left on roof-racks, tailgate racks, holiday top boxes or in tool chests are easily stolen when the vehicle is parked. The use of cable locks, padlocks and self-locking tools chests, which are secured to the vehicle, makes them more secure, but still, don't leave things in them if you can avoid it.

Upcoming Events

Thur 17th May @ 3pm - Community Contact Session

Wed 23th May @ 2pm – Community Contact Session

Wed 30th May @ 2pm - Community Contact Session

Meet us at Northwood Hills Library, Potter Street to discuss crime prevention advice and any other issues. Also this is an opportunity for you have a chat with the local team.

Coffee with a copper

Sunday 6th May @ 11am

Sunday 13th May @ 11am

Saturday 19th May @ 3pm

Meet us at Costa on Joel Street. We will be waiting for you
